

EDUCATION POINTS WORKSHEET

ESSAE has developed this worksheet to help you keep track of your **education points for professional certification or recertification** (the CAE and CMP designations for example). Please be sure to note all specifics after attending a program. Feel free to make copies of this sheet. ESSAE is transitioning out of keeping track of points for members, but will verify your attendance to the accrediting body. Please contact the ESSAE office at 518-463-1755 with any questions.
